Volume Table of Contents Volume 11, (1995)

Number 1

A Note on Deriving Rank-Dependent Utility Using Additive Joint Receipts . . . . . *R. Duncan Luce and Peter C. Fishburn* 5

A Theory of Coarse Utility . . . . . *Liping Liu and Prakash P. Shenoy* 17

Do Bettors Prefer Long Shots Because They Are Risk-Lovers, or Are They Just Overconfident? . . . . . *Joseph Golec and Maurry Tamarkin* 51

Inducing Risk-Neutral Preferences: Further Analysis of the Data . . . . . *James C. Cox and Ronald L. Oaxaca* 65

Number 2

Regulation and Insurer Competition: Did Insurers Use Rate Regulation to Reduce Competition? . . . . . *Anne Gron* 87

Demand for Risky Assets and the Monotone Probability Ratio Order . . . . . *Louis Eeckhoudt and Christian Gollier* 113

Ambiguity Aversion in First-Price, Sealed-Bid Auctions . . . . . *Ahti A. Salo and Martin Weber* 123

Risk Perception and Smoking Behavior: Empirical Evidence from Taiwan . . . . . *Jin-Tan Liu and Chee-Ruey Hsieh* 139

Reversals of Preference between Compound and Simple Risks: The Role of Editing Heuristics . . . . . *Rob Ranyard* 159

Number 3

Scale and Context Effects in the Valuation of Transport Safety . . . . . *M. W. Jones-Lee and G. Loomes* 183

Risk-Taking Activities and Heterogeneity of Job-Risk Trade-offs . . . . . *Joni Hersch and Todd S. Pickton* 205

Insurance Supply with Capacity Constraints and Endogenous Insolvency Risk . . . . . *Julie A. B. Cagle and Scott E. Harrington* 219

Performance of the Similarity Hypothesis Relative to Existing Models of Risky Choice . . . . . *David Buschena and David Zilberman* 233

Regret Aversion or Event-Splitting Effects? More Evidence under Risk and Uncertainty . . . . . *Steven J. Humphrey* 263

A Correction and Its Genesis . . . . . *Irving H. LaValle and Peter C. Fishburn* 275
